Cumulative Report on Rescissions and Deferrals

OFFICE OF MANAGEMENT AND BUDGET

Cumulative Report on Rescissions and Deferrals

To the Congress of the United States:

I hereby withdraw the 33 rescission proposals transmitted to the Congress by the Carter Administration on January 15, 1981 totalling $1,142.4 million and temporarily convert them to deferrals. A list of the withdrawn rescission proposals is attached.

The conversion to temporary deferrals will provide my Administration with the opportunity to review and revise these proposals within the context of my overall plan to curtail the growth of government and reduce Federal spending.

In addition, I am reporting four other new deferrals totalling $8.0 million and a revision to a previously transmitted deferral increasing the amount deferred by $51.1 million. These four new items involve programs in the Departments of the Interior and Transportation and the International Communication Agency. The revision to the existing deferral involves the Department of the Treasury.

The details of the deferrals are contained in the attached reports.

Ronald Reagan

THE WHITE HOUSE,
February 13, 1981.

DEFERRAL OF BUDGET AUTHORITY
Report Pursuant to Section 1013 of P.L. 93-344

Agency: Department of Commerce	New budget authority (P.L. 96-536): $774,367,000
Bureau: National Oceanic and Atmospheric Administration	Other budgetary resources: 11,850,061
Appropriation title & symbol: Operations, Research, and Facilities 13X1450	Total budgetary resources: 786,217,061
	Amount to be deferred: Part of year: $30,493,000
	Entire year:
OMB identification code: 13-1450-0-1-306	Legal authority (in addition to sec. 1013): [X] Antideficiency Act
Grant program: [ ] Yes [X] No	[ ] Other
Type of account or fund: [ ] Annual	Type of budget authority: [X] Appropriation
[ ] Multiple-year (expiration date)	[ ] Contract authority
[X] No-year	[ ] Other

Justification: A rescission proposal for this account, transmitted to the Congress by the Carter Administration on January 15, 1981, has been withdrawn and the subject funds are now being deferred.

This deferral action is taken to give the new administration an opportunity to review the previously proposed rescission in the context of President Reagan's overall plans to curtail the growth of government and reduce Federal spending.

This deferral will remain in effect until decisions are completed on the new administration's proposals for reducing Federal spending in FY 1981, but in any event no longer than June 30, 1981.

Estimated Effects: This deferral action will have the effect of preserving these funds until decisions are completed on the new administration's proposals.

Outlay Effects: Due to the expected short duration of this deferral action no significant effect on outlays is anticipated.

Grant program ☒ Yes ☐ No	☐ Other
Type of account or fund: ☒ Annual ☐ Multiple-year (expiration date) ☐ No-year	Type of budget authority: ☒ Appropriation ☐ Contract authority ☐ Other

Justification: A rescission proposal for this account, transmitted to the Congress by the Carter Administration on January 15, 1981, has been withdrawn and the subject funds are now being deferred.

This deferral action is taken to give the new administration an opportunity to review the previously proposed rescission in the context of President Reagan's overall plans to curtail the growth of government and reduce Federal spending.

This deferral will remain in effect until decisions are completed on the new administration's proposals for reducing Federal spending in FY 1981, but in any event no longer than June 30, 1981.

Estimated Effects: This deferral action will have the effect of preserving these funds until decisions are completed on the new administration's proposals.

Outlay Effects: Due to the expected short duration of this deferral action no significant effect on outlays is anticipated.

Grant program: [ ] Yes [X] No	[ ] Other
Type of account or fund: [ ] Annual [ ] Multiple-year (expiration date) [X] No-year	Type of budget authority: [ ] Appropriation [ ] Contract authority [X] Other Appropriated Receipts

Justification: The Interior and Related Agencies Appropriation Act for 1981, (P.L. 96-514) includes an indefinite no-year appropriation equivalent to 25 percent of timber sale receipts from revested Oregon and California Railroad grant lands. The appropriated receipts provide for management, development, and protection of Federal Oregon and California grant lands including the construction and maintenance of roads. Because the appropriation is based on receipts collected in the same fiscal period and the receipts are based on the timber harvested, the total amount which will be available for obligation can only be estimated. Not only may actual receipts vary from estimates, but receipts for the last two months of the fiscal period are not known in time to make programmatic adjustments to offset a possible shortfall between estimated and actual amounts. Deferral is planned to cushion fluctuations in receipt levels.

Receipts for FY 1980 were $195,214,247 with an unobligated balance of $2,548,562 brought forward into FY 1981. Total budgetary resources for this program are $60,048,562. P.L. 96-514, however, provides for obligation of no more than $58,200,000 in FY 1981. Consequently, the balance of $1,848,652 has been reserved for use in FY 1982. This deferral action is taken in accordance with the Antideficiency Act (31 U.S.C. 665).

Estimated Effect: There will be no programmatic impact in FY 1981 since the receipts will continue to accrue but will remain unobligated until such time as the amount available can be used more effectively.

Outlay Effect: This deferral action has no effect on outlays.

Coverage	Account Symbol	Total Budgetary Resources	Amount Deferred
1. Civil Supersonic Aircraft Development	69X1358	$3,007,717	$3,007,717
2. Civil Supersonic Aircraft Development Termination	69X0106	342,120	342,120
3. Research and Development	69X1300	52,834	52,834
		3,402,671	3,402,671

Justification: Funds were appropriated to these accounts in the Department of Transportation and Related Agencies Appropriation Acts of 1971 and 1972. These accounts finance the termination of the supersonic transport development program, including the total cost of settlement of contractor claims and closeouts, airline refunds, completion of specifically designated technology programs, and necessary governmental administrative costs incidental to these activities. Because of the difficulty in ending such a complex and massive undertaking, termination has taken a number of years. Settlement is being accomplished as quickly as possible consistent with the legitimate claims of the contractors and the protection of government interests. The deferred funds will not be needed for obligation during this fiscal year and are reserved for use in FY 1982.

Estimated Effect: This deferral action has no budgetary or programmatic effect

Outlay Effect: This deferral action has no effect on outlays.

SUPPLEMENTARY REPORT

Report Pursuant to Section 1014(c) of Public Law 93-344

This report revises Deferral No. D81-19A, transmitted in the special message to Congress on December 2, 1980.

This revised deferral report for the State and Local Government Fiscal Assistance Trust Fund in the Office of the Secretary of the Treasury increases the previously reported deferral from $10,694,198 to $61,756,000. The increase of $51,061,802 results from additional funds becoming available under P.L. 96-536 and the associated increase in withholdings of payments from various governments for reasons of noncompliance with the requirements of the State and Local Assistance Act, as amended.

Justification: The State and Local Governmental Fiscal Assistance Trust Fund is the vehicle for disbursement of general revenue sharing funds. This deferral represents payments withheld from various governments involved in annexations or disincorporations and for reasons of noncompliance with the requirements of the State and Local Fiscal Assistance Act, as amended.

Estimated Effects: The release of these funds is contingent upon adherence by the various governments to the compliance regulations, and determinations as to which higher level of government is eligible to receive those funds withheld because of annexations and disincorporations.

Outlay Effect: This deferral action has no effect on outlays.

1/ This account is currently the subject of another deferral in FY 1981 (D81-18) and was the subject of a similar deferral in FY 1980 (D80-23A).

2/ Deferral of outlays only.

Justification: A rescission proposal for this account, transmitted to the Congress by the Carter Administration on January 15, 1981, has been withdrawn and the subject funds are now being deferred.

This deferral action is taken to give the new administration an opportunity to review the previously proposed rescission in the context of President Reagan's overall plans to curtail the growth of government and reduce Federal spending.

This deferral will remain in effect until decisions are completed on the new administration's proposals for reducing Federal spending in FY 1981, but in any event no longer than June 30, 1981.

Estimated Effects: This deferral action will have the effect of preserving these funds until decisions are completed on the new administration's proposals.

Outlay Effects: Due to the expected short duration of this deferral action no significant effect on outlays is anticipated.

DEFERRAL OF BUDGET AUTHORITY

Report Pursuant to Section 1013 of P.L. 93-344

Agency: International Communication Agency	New budget authority (P.L. 96-536): $ 10,603,000
Bureau:	Other budgetary resources: 4,015,034
Appropriation title & symbol: Salaries and Expenses (Special Foreign Currency Program) 67X0205	Total budgetary resources: 14,618,034

Grant program: [ ] Yes [ ] No	
Type of account or fund: [ ] Annual; [ ] Multiple-year (expiration date); [X] No-year	Type of budget authority: [X] Appropriation; [ ] Contract authority; [ ] Other

Justification: The United States International Communication Agency (ICA) is authorized by the United States Information and Education Exchange Act of 1948, as amended (22 U.S.C. 1431 et seq.), the Mutual Educational and Cultural Exchange Act of 1961 (22 U.S.C. 2451 et seq.), Executive Order No 11034 of June 25, 1962, as amended, and Reorganization Plan No. 2 of 1977, to carry out international communication, cultural and educational exchange programs.

The Continuing Appropriations Act, 1981 (P.L. 96-369, approved December 16, 1980) appropriated $10,603,000, to remain available until expended, for the "Salaries and expenses (special foreign currency program)" account. The account is used for payment of ICA local program expenses in U.S.-owned foreign currencies in those countries where the Department of Treasury determines that the supply of local currency is in excess of the normal requirements of the U.S. Government. In fiscal year 1981, the "excess currency" countries are: Burma, Guinea, India, Pakistan, and Egypt.

It is now estimated that the 1981 beginning-of-year unobligated balance for this account, plus anticipated reimbursements from other agencies, will amount to $4,015,034, which is significantly more than the sum estimated in the 1981 Budget. The deferred amount represents funds that will not be obligated during this fiscal year under current program plans. Accordingly, these funds are reserved for use in succeeding years.

This deferral action is taken in accordance with the Antideficiency Act (31 U.S.C. 665).

Estimated Effect: This deferral action has no budgetary or programmatic effect.

Outlay Effect: This deferral action has no effect on outlays.

Justification: The United States International Communication Agency (ICA) is authorized by the United States Information and Educational Exchange Act of 1948, as amended (22 U.S.C. 1431 et seq.), the Mutual Educational and Cultural Exchange Act of 1962 (22 U.S.C. 2451 et seq.), Executive Order No. 11034 of June 25, 1962, as amended and Reorganization Plan No. 2 of 1977, to carry out international communication, cultural and educational exchange programs.

The International Communication Agency Authorization Act, Fiscal Year 1980 - 1981 (P.L. 96-60, approved August 15, 1979) authorized appropriations for ICA. The Continuing Appropriations Act, 1981 (P.L. 96-369, approved December 16, 1980) appropriated $2,562,000, to remain available until expended, for the "Acquisition and Construction of Radio Facilities" account primarily to expand the transmitter capacity of the Voice of America's worldwide broadcasting system.

This amount, together with funds appropriated in prior years, will be used to maintain and update existing VOA facilities and to expand transmitter facilities in East Asia, Africa, and Europe. The augmentation of the facilities in East Asia and Africa has been delayed due to significant increases in the cost estimates to complete these projects. Also, the scheduled completion of the modernization of the Master Control Complex in Washington has been delayed until 1982. As a result, $1,252,000 in funds that will not be obligated during this fiscal year are reserved for use in subsequent years.

This action is taken in accordance with the Antideficiency Act (31 U.S.C. 665).

Estimated Effects: This deferral action has no budgetary or programmatic effect.

Outlay Effect: This deferral action has no effect on outlays.
